PROLOGUE

Humor is one of the forms of comedy creation, whose domain is the gentle and understanding assessment of an intimate situation, or object. Humor does not derail, in its way of evaluating reality, there is the existence of joy of leadership and prevalence, as well as the sensitivity and pain of comprehension, and therefore, in almost every attempt to define the notion of humor, it comes to the fore, that humor combines elements of comedy with elements of tragedy. Basic humor forms include:

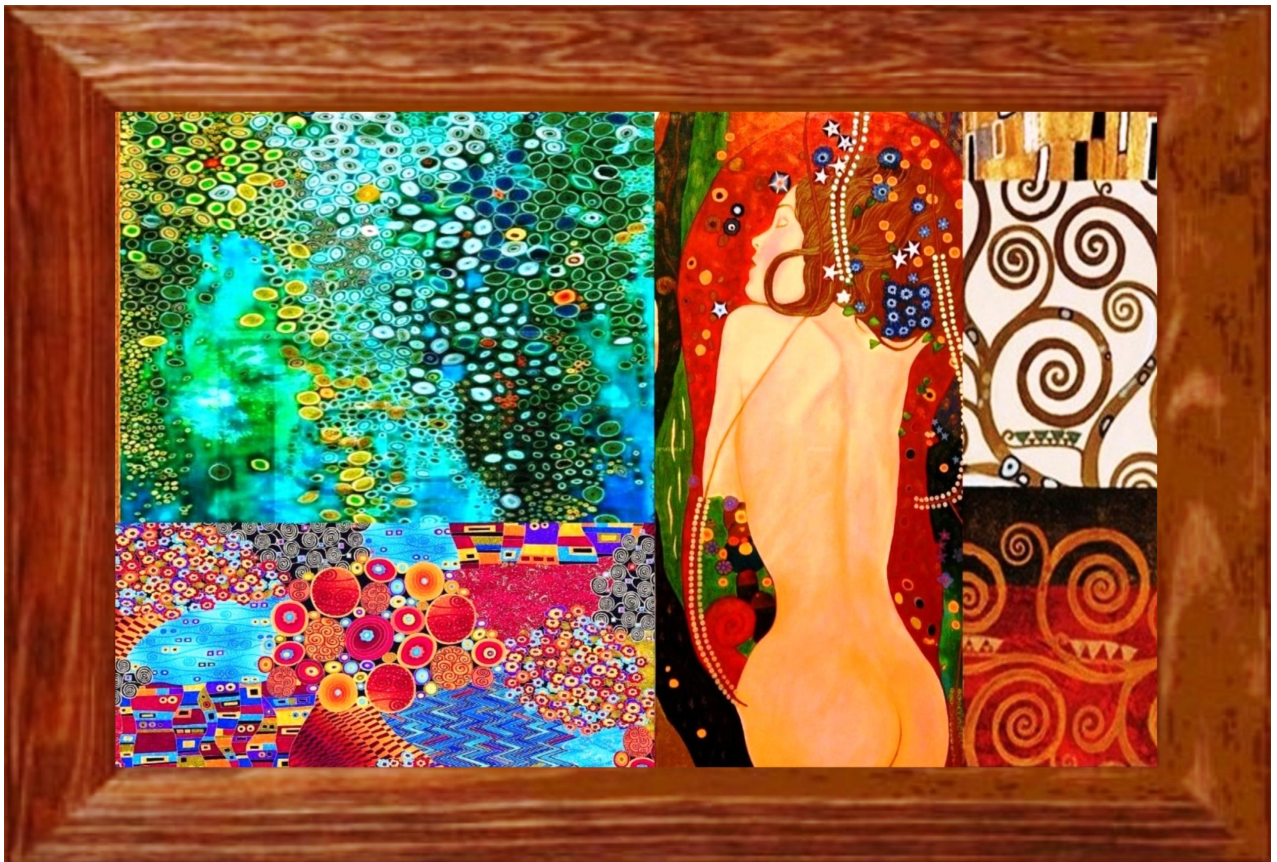

- aphorism
- satire
- comedy
- slapstick comedy
- grotesque
- parody
- joke, anecdote
- caricature, and more.

Humor is experiencing a period of stagnation, slow development, new forms of humor are not being created, and other forms of art overshadow it. It is as such, that even if humorists were creating weekly sessions, such as that people would be bursting in laughter, no humorist would have ever won, for example, an appreciation of the President of the Republic for a good social atmosphere, or any other high valuation.

For this book, the best aphorisms, bon mot, inventions, funny imaginations, compelling economic laws, life laws, absurdities, deceptions, and other humorous, funny and instructive things were selected to guarantee the best possible entertainment, with disregard for stereotypes, problems, and stress. The book can be enjoyed by lovers of satire and humor, but also by puritans, politicians, meteorologists, critics, but all purposeful people. Humor is a heavenly gift, and therefore, we respect it.

ANONYMOUS APHORISMS

COMEDY CLUB

Roland Sagitarius

Never compete with an idiot. They will drag you down to their level, then slaughter you with their experience.

If you have a beautiful wife, a glamorous girlfriend, if you own a great car, if you don't have issues with the tax office, if the sun is always shining bright at you when you walk the streets, and people are smiling at you... it is time to quit drugs.

***Hey you - job...!!! Don't be scared of ME,
I won't even touch you!***

Boss says to employee: „It seems to me, that you have no desire to work today!“

Answer: "I do, but people have to be able to control themselves.“

When I was little, I was conceited... But now, I am flawless.

**I HAVE SO MUCH WORK TODAY, THAT I WON'T BE
ABLE TO DO IT AT ALL.**

Roland Sagitarius

At work, some managers are like the Gods. Everyone knows, that they exist, but no one has ever seen them work.

A condom does not provide full protection. My friend also had one, and yet, he got hit by a bus.

Each organization always has at least one person, who actually knows what they are talking about. This person needs to be found and shot...

Each cigarette you smoke shortens your life by 2 minutes.

Each bottle you drink shortens your life by 4 minutes.

Each work day shortens your life by 8 hours.

I don't like people who take drugs. ...especially customs officers

At 17, girls' voice begins to change... from NO to YES...

Roland Sagitarius

If you owe the bank 1.000 Euro, you have a problem.
But if you owe the bank 100.000 Euro, the bank has the problem.

*When I die, I wish to die peacefully in my sleep, like my
uncle, and not in terror, like those screaming people on the
bus he was driving*

**My family was so poor, that if I wasn't born a boy, I would
have nothing to play with.**

Doctor advised me to abstain sexually. So this morning I
sexually abstained, and I was almost late for work.

***There are three life stages:
Young age, middle age, and 'you are looking good'!***

So I was picking in my ear with a nail once, and all of the
sudden...: QUIET

Roland Sagitarius

Experience shows, that women can be stimulation by various mechanical toys. The best example of this is a Porche.

*I really hate drunks.
Last time I was leaving the bar, they kept stepping all over my hands.*

It's not wise only to learn one swimming style. For example, one of my friends fell into a well, and he could only swim the butterfly, so he killed himself hitting the walls.

The DUREX Company found, that an adult person has sex at least three times a week. So I would really like to know, which asshole has sex in my place!

People say about me, that I am a phlegmatic.
But I don't really care!

Roland Sagitarius

No one is too large to fit into the casket.

*Everyone who gets married, discovers what happiness is.
But by then, it is too late.*

An Eskimo saying – Never eat yellow snow.

*If you drink, you die early. If you don't drink, you die even
earlier, because those who drink will run you over with a car.*

Don't forget where you came from, because
it is possible, that someone will send
you there very soon.

***IT IS HARD TO BE AN IDIOT,
BECAUSE THE COMPETITION IS TOO HIGH.***

It's a good thing I am going so slowly,
Because I might be going in the wrong direction.

Roland Sagitarius

**If a woman doesn't get the one she loves,
Alas to the one she has.**

***A JOB IS THE LAST DESPERATE ATTEMPT AT
GETTING MONEY.***

***Those who want to talk to me, can't listen solely to
themselves.***

Currently, people spend a lot more money on breast implants and Viagra, then on Alzheimer's research. This means, that around the year 2030, there will be a large senior population with beautiful breasts and massive erections, that for the love of God can't remember what to do with them.

***IT IS NOT IMPORTANT TO WORK. WHAT IS
IMPORTANT, IS TO INFORM OTHERS THAT WE
ARE WORKING.***

Roland Sagitarius

Everyone has their own problems. For some,
their soup is too thin, for others, their
diamonds are too small.

The value of money is relative. A thousand bucks, that the
wife doesn't know about is certainly a lot more valuable
than a thousand bucks that she is aware of.

For some people, the fastest thing in the
world is a thought, for others, it is the
light. But I realized it is diarrhea! It
came before I could think and turn the
light on...

*Some characters are unbreakable,
Because they are flexible.*

**DO YOU KNOW WHAT A PARADOX IS? THAT THIS
FUC..NG LIFE WILL BE CALLED 'THE GOOD OLD DAYS'
ONE DAY!**

Roland Sagitarius

**PEOPLE LEARN FROM THEIR OWN MISTAKES, AND BUILD
CAREERS ON THE MISTAKES OF OTHERS.**

*If men were as perfect lovers as they say,
women wouldn't even have time to brush
their hair.*

**EVERYBODY WANTS YOUR GOODNESS.
DON'T LET THEM TAKE IT AWAY.**

***The manager is a person, just like everyone
else. They just don't know about it.***

**Don't pay attention to what others think of
you. They have enough problems dealing
with what you think of them.**

*A message to all drivers: it is better to
get home at six o'clock, then to the
morgue at half past five.*
